Opportunity

Soland City

Soland City is the virtual city powered by Solana and is innovated to build a passive income metaverse. Taking staking, lending and farming into a whole new experience.

People all around the world can come together in a borderless environment

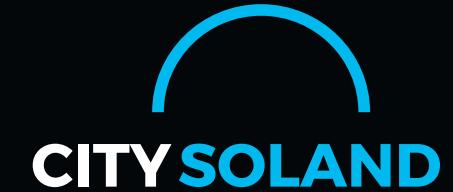

Soland City

A unique Virtual Financial 3D District with both a utility collection & token to support development and Liquidity Pools of the Soland City Metaverse

- Collection of 8000 NFT's
- Each NFT includes a hidden amount of Soland tokens that can be used with lending
- Lots of fun and rewarding functions

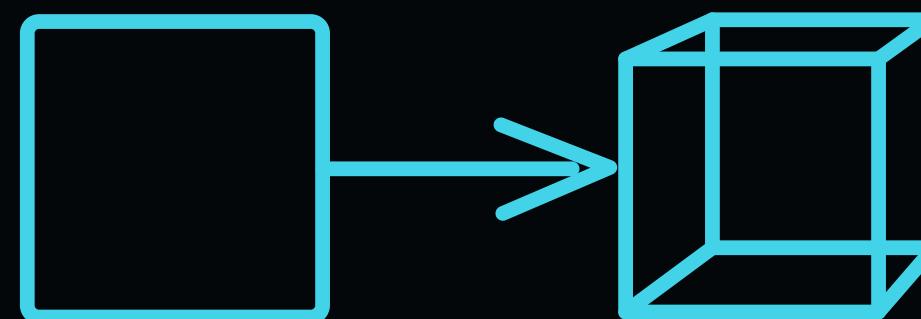

Soland Story

The future is going to merge the world of cryptocurrencies, NFTs and Metaverse interactions. Soland City is the ultimate place for you to experience the monumental power of modern technology and it all became a reality thanks to the commitment of a team of dedicated and passionate people who wanted to create something extraordinary.

We are headed into a very exciting world that is going to merge reality with a fully functional virtual world. This is the reason why Soland was created in order to bring a strong NFT community into the modern age.

Randomly Minted

- Sold out and minted in a random order

Randomly Rewarded

- Randomly picks one Soland NFT Holder to win 10% from every sale until collection is sold out

JACKPOT Fund 10% of Every Sale

- When all 8000 NFT's are sold randomly pick up ten NFT Holders to win 10% Jackpot fund

Non Fungible Liquidity

The largest part of the collection sales is put to the projects liquidity pools, relocked yearly.

DeFi combined with NFTs

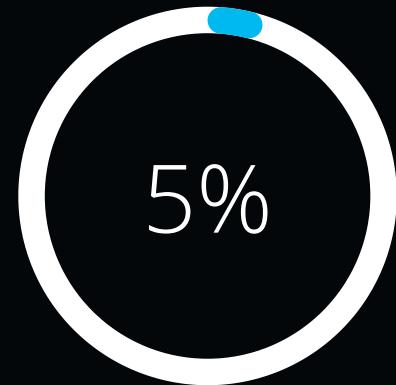

NFTs mixed with different DeFi services like staking, farming, and a unique service called baking.

Lend and Borrow

Borrow or lend NFTs and get tokens and vice versa (each Soland NFT has hidden token amount).

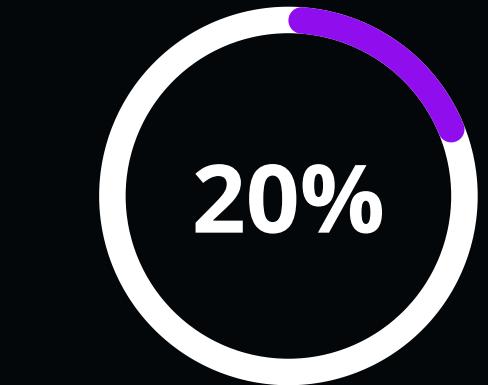

Sale Allocation

After the random reward and the Jackpot fund, the rest of the funds will be used as following:

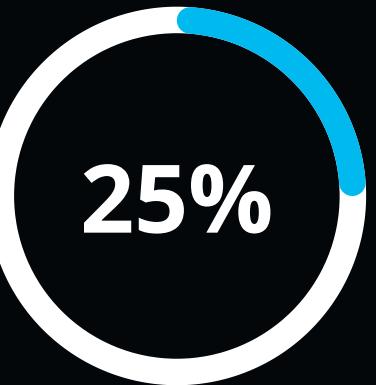

Community Choice

NFT holders can vote for where this 5% will be used

Development

Development and related expenses

Marketing

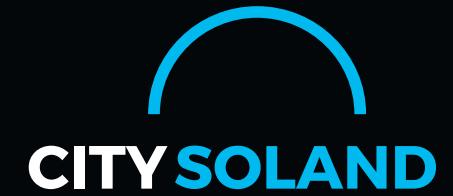

We aim to have continuous marketing going on

Liquidity Pool

Biggest part of the collection sales will be put in the project token liquidity

Soland City

Soland City with NFTs and DeFi

A borderless virtual cityscape designed to be explored.

Earn passive income and support your favorite projects.

Experience something that has never been done before.

Join Soland

Welcome to the borderless Soland

People

Engage with a like-minded cohort of your peers within the metaverse

Devs & Projects

Contribute to an ever-expanding ecosystem of online finance

NFT, DeFi, web3

Showcase your artwork and help develop Soland

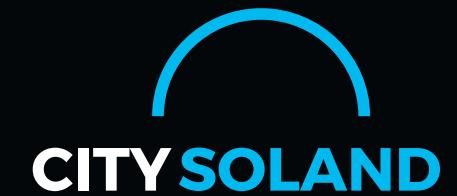

Core Soland Services i.e Buildings

- 1 NFT Towers
- 2 Exchange Tower
- 3 Farming
- 4 Staking
- 5 Baking
- 6 Lending

Floors

Soland Floors

Buildings gets taller because every projects get its own floor

Floors

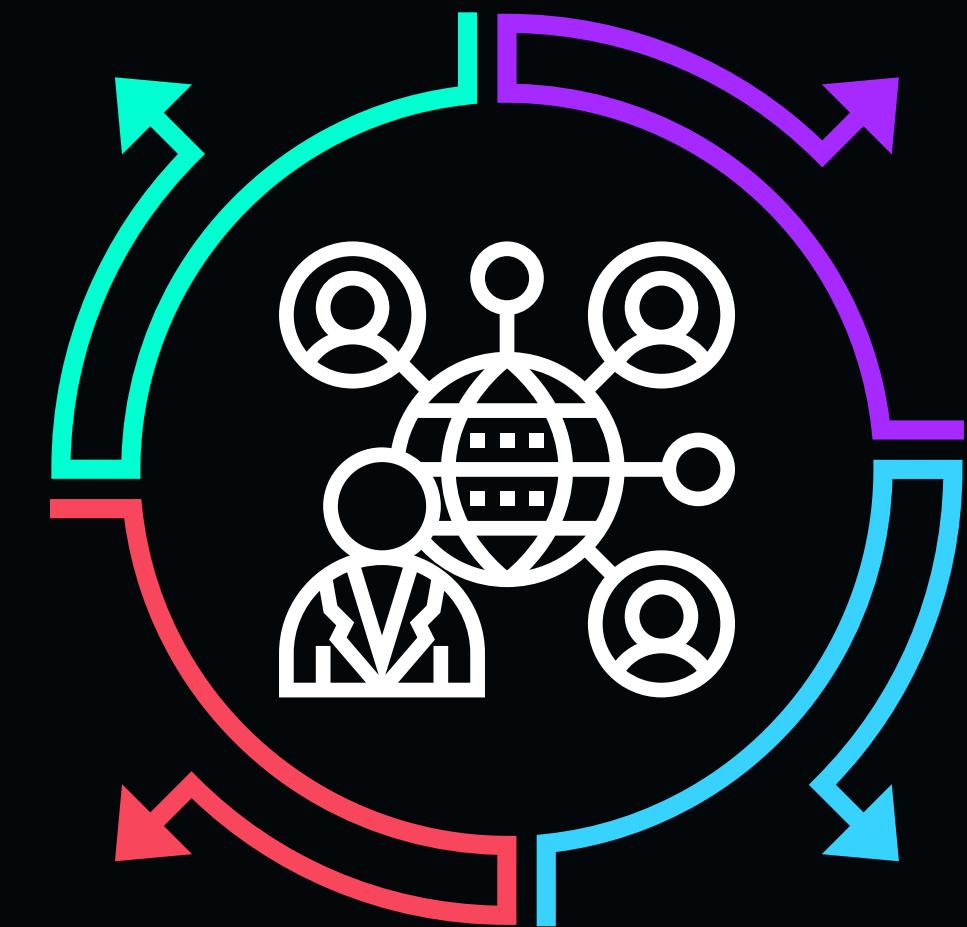

When a project joins the Soland Metaverse, a new floor is added to a building. Use predesigned floors or design one yourself.

The sky is the limit in Soland.

The Virtual Financial District

People

Decentralized finance offers many routes for arbitrage and attracts users to the platform.

Partnerships

We deploy buildings for our partners and they utilize our customer base.

Developers

Our active development team encourages collaboration with the rest of the web3 community.

Projects

Staking, liquidity pools, NFT, and community lotteries are just the beginning.
